About Me

Frontend developer with a B.S. in Business Informatics and extensive experience in both React/Next.js and Vue/Nuxt ecosystems. Transforming complex business requirements into elegant, scalable solutions with focus on performance, accessibility, and exceptional user experience. Deep expertise in modern architectural patterns, TypeScript, and CI/CD workflows.

Career Experience

 студворк Помогаем студентам	Middle/Senior Frontend Developer Studwork	October 2021 - Present
<ul style="list-style-type: none">TypeScript integrationMigration from Nuxt2 to Nuxt3 and Nuxt4Monorepo splitting into small modules, distributed across different domains, within a monorepoFinding and fixing vulnerabilities in the code (XSS, CSP and etc.)Code optimization using LighthouseWriting unit and E2E tests		

 ворт24 Фронтенд-платформа нового поколения	Middle/Senior Frontend Developer Work24	June 2023 - Present
